Blue was first produced by the ancient Egyptians who figured out how to create a permanent pigment that they used for decorative arts. The color blue continued to evolve for the next 6,000 years, and certain pigments were even used by the world's master artists to create some of the most famous works of art.

The History of the Color Blue: From Ancient Egypt to New ...

Blue has had a long and topsy-turvy history in the Western world. The ancient Greeks scorned it as ugly and barbaric, but most Americans and Europeans now cite it as their favorite color. In this fascinating history, the renowned medievalist Michel Pastoureau traces the changing meanings of blue from its rare appearance in prehistoric art to its international ubiquity today.

As people began to associate blue with the Virgin Mary, the color entered the Church despite the efforts of chromophobic prelates. Blue was reborn as a royal color in the twelfth century and functioned as a formidable political and military force through the French Revolution. As blue triumphed in the modern era, new shades were created, and blue became the color of romance.
