Genius entrepreneurs are generally impatient, and they seem to eschew the ways of the world. It 's easy to romanticize those traits of course, but what I 've done in the foregoing parts of this article is to, at the very least, broach the idea that they are probably not conventional in the way they use their powers of reasoning and imagination.

Genius of the AND is a concept developed in the book Built to Last. Builders of greatness reject the "Tyranny of the OR" and embrace the "Genius of the AND." They embrace both extremes across a number of dimensions at the same time—purpose AND profit, continuity AND change, freedom AND responsibility, discipline AND creativity, humility AND will, empirical analysis AND decisive action, etc.

The entrepreneurial mindset is unique in that one must be creative, communicative, and highly motivated to succeed, yet open to risk and failure. It 's not a big idea alone that paves the path to ultimate entrepreneurial success. Oftentimes the success or failure of a business comes down to the characteristics of the entrepreneur themselves.
