EXPERIMENTAL ANIMATION: AN ILLUSTRATED ANTHOLOGY By Cecile ...

Experimental animation is a form of animation in which motion pictures have their own rhythm and movement where it has no narration or a specific structure in animated films. It is considered to be subjective and non-linear that deals with philosophic and spiritual concerns that the artists and film-makers convey. Despite that early history of experimental animation is still being researched, U.S. and European abstract artists and animators play an important role of developing experimental anima
