FRS (Financial Reporting Studio) Installation Steps

Financial Reporting Studio is a powerful tool for designing and displaying analytic data. A user can leverage this tool to create typical financial reports such as a P&L or balance sheet, or they can use it to create reports with nontraditional formats, depending on their business needs. FR Studio goes hand in hand with Oracle Hyperion Planning and Oracle PBCS (Planning and Budgeting Cloud Service), which are dynamic, multidimensional applications that businesses use for planning and budgeting.
