school governing can be improved. Before any change to school governance is proposed, agreed and implemented, it is essential that we find out about the current state of affairs. Any change must be underpinned by a secure knowledge of: the history of and background to school governing; the existing arrangements; and the issues of concern.

**The School Governance Study—Education and Employers**

Concept of Governance. Governance has been defined to refer to structures and processes that are designed to ensure accountability, transparency, responsiveness, rule of law, stability, equity and inclusiveness, empowerment, and broad-based participation. Governance also represents the norms, values and rules of the game through which public affairs are managed in a manner that is transparent, participatory, inclusive and responsive.
