When English speakers talk about time and place, there are three little words that often come up: in, on, and at. These common words are prepositions that show a relationship between two words in a sentence. But these little two-letter prepositions seem to create confusion.

~~Prepositions of Time and Place: AT – IN – ON – ESLBuzz ...~~

Expressions of time go at the end of a statement. At the end of the sentence: Place before Time; NEVER put Place or Time between Verb and Object I have in the kitchen breakfast. * Definite expressions of time can also go at the beginning of the sentence if they are not the main focus in the sentence. If you are in doubt – put it at the end of the sentence – it is more likely to be right.

~~Expressions of place and time in sentences – Word order~~

The unities of time and place are not essential to a just drama, and that though they may sometimes conduce to pleasure, they are always to be sacrificed to the nobler beauties of variety and instruction; and that a play written with nice observation of the critical rules is to be contemplated as an elaborate curiosity, as the product of superfluous and ostentatious art, by which is shown rather what is possible than what is necessary.
