Review | Confessions of a Murder Suspect, by James

Patterson (Audiobook) ~~Private Games 3 James Patterson~~

Private Games is the 3rd in the Private series by James

Patterson, and I was pleasantly surprised by how much I

enjoyed this one. I hadn't read one in a while as the last one

didn't grab me at all. But in this one, the pace was electric,

the twists stunning and the thrills definitely made my heart

thump! Recommended.

James Patterson really screwed up here, both with the

continuing storyline of the series and gross factual errors in

this book. 1. Why kill off the Dan Carter character from the

previous book ? That was totally unnecessary and irrelevant

to the plot of Private Games. 2.

~~Private Games: (Private 3) by James Patterson - Books on ...~~  
Having read the first two books in the Private series I was anticipating a good read with this most recent one, Private Games. I have made it through to Chapter 9 and am really struggling. I agree with a previous reviewer that states they can tell that James Patterson did not write this one. The narrative style is completely different.

~~Amazon.com: Customer reviews: Private Games: (Private 3)~~  
Private Games: (Private 3) July 2012: The Games have arrived in London and the stage is set for one of the greatest ever showcases of sporting excellence. When Sir Denton Marshall, a key member of the London Olympic organising committee, is found brutally murdered, Peter Knight, head of Private London, is called to the scene.

~~Private Games: (Private 3) | James Patterson - James Patterson~~

James Patterson has taken the European thriller to a masterful new level with Private Berlin, an adrenaline-charged and sexy novel with unforgettable characters of dark and complex depths. Private Berlin improves why Patterson is truly the world's #1 bestselling author.

~~private games | James Patterson~~

James Patterson Private Games , written by James Patterson [3] and Mark Sullivan, is the second book of the Private London series. The Private London series is itself a spin-off of
