"States and Power in Africa" is not only a criticism of the state system on Africa's unique history and condition but is a debate in war and peace. What historians and theorists rarely touch on is the counter-factual, 'what would Africa look like, what could have Africa developed outside of colonialism?'

States and Power in Africa: Comparative Lessons in ...

States and Power in Africa: Comparative Lessons in Authority and Control is a book on African state-building by Jeffrey Herbst, former Professor of Politics and International Affairs at Woodrow Wilson School of Public and International Affairs. The book was a co-winner of the 2001 Gregory Luebbert Book Award from the American Political Science Association in comparative politics.

States and Power in Africa - Wikipedia

In States and Power in Africa, Jeffrey Herbst places the African state-building process in a truly comparative perspective. Herbst's bold contention—that the conditions now facing African state-builders existed long before European penetration of the continent—is sure to provoke controversy, for it runs counter to the prevailing assumption that colonialism changed everything.

States and Power in Africa | Princeton University Press

Theories of international relations, assumed to be universally applicable, have failed to explain the creation of states in Africa. There, the interaction of power and space is dramatically different from what occurred in Europe. In States and Power in Africa, Jeffrey Herbst places the African state-building process in a truly comparative perspective. Herbst's bold contention—that the conditions now facing African state-builders existed long before European penetration of the continent ...

Project MUSE - States and Power in Africa

The premise of "States and Power in Africa" is that Africa's underdevelopment and instability can in part be explained by the manner in which states were forged, and the relationships they maintain with their people. Herbst concludes that the ability of a state to project enough power to

States and Power in Africa: Comparative Lessons in ...

States and Power in Africa: The Basic Thesis The starting point of Herbst's analysis is that Africa is plagued by 'state failure.' A state is meant to provide certain public goods in society, such as law and order, defense, contract enforcement, and infrastructure. Yet in Africa most states provide very few of these.

States and Power in Africa by Jeffrey I. Herbst: A Review ...

At the same time, the consolidation of states in Africa remains a central political issue. The fundamental assumption undergirding this study is that states are only viable if they are able to control the territory defined by their borders. Control is assured by developing an infrastructure to broadcast power and by gaining the loyalty of citizens.

States and Power in Africa: Comparative Lessons in ...

Six Chiefs, States, and the Land (pp. 173-198) The inability of African states to project power over distance has meant that one of the most contentious issues in the politics of the continent has been the relationship between central authorities and local leaders.

States and Power in Africa: Comparative Lessons in ...

The decolonisation of Africa took place in the mid-to-late 1950s to 1975, with sudden and radical regime changes on the continent as colonial governments made the transition to independent states. Often quite unorganized, and marred with violence, political turmoil, and widespread unrest, organized revolts in both northern and sub-Saharan colonies including the Algerian War in French Algeria ...

Book Info. States and Power in Africa. Book Description: Theories of international relations, assumed to be universally applicable, have failed to explain the creation of states in Africa. There, the interaction of power and space is dramatically different from what occurred in Europe. In States and Power in Africa, Jeffrey Herbst places the African state-building process in a truly comparative perspective.

States and Power in Africa: Comparative Lessons in ...

The transfer of power to an elected government in South Africa via nonracial elections in April 1994 was one of the great triumphs of global democracy in the late 20th century.

Dilemmas of democracy and state power in Africa

This ambitious and original book turns a comparative historical lens on state-building in Africa. Unlike most European states, which consolidated their power and fixed their present boundaries largely through war, African states acquired their borders by fiat and have rarely faced external military threats to their sovereignty.

States and Power in Africa: Comparative Lessons in ...

Abstract: African states have a difficulty in projecting power over distance establishes the relationship between state authority and local leadership. Local elites' power is connected to their control of land, separate from the state. States seek change in property rights to disempower local elites.

Notes on Herbst' States and Power in Africa

In States and Power in Africa, Jeffrey Herbst places the African state-building process in a truly comparative perspective. Herbst's bold contention--that the conditions now facing African state-builders existed long before European penetration of the continent--is sure to provoke controversy, for it runs counter to the prevailing assumption that colonialism changed everything.
