Who are Refugees and Migrants? What Makes People Leave —

While there is no formal legal definition most experts agree that an international migrant is someone who changes their country of usual residence, irrespective of the reason for migration or legal...

Refugees and Migrants

Refugees and migrants are distinct groups governed by separate legal frameworks. Refugees and migrants are entitled to the same universal human rights and fundamental freedoms as all people, which must always be respected, protected and fulfilled. However, only refugees are entitled to specific international protections as defined by international refugee law.

WHO Europe | Refugees and migrants

A new agreement between WHO and the UN Refugee Agency will strengthen and advance public health services for the millions of forcibly displaced people around the world. It adds to the agreement signed in 2019 with The International Organization for Migration and is the latest in a series of efforts to prevent public health emergencies and address health needs in refugee and migrant populations.

How WHO is supporting refugees and migrants during the —

There are an estimated 1 billion migrants in the world today of whom 258 million are international migrants and 763 million internal migrants – one in seven of the world's population. 68 million of the world's internal and international migrants are forcibly displaced today.

The Observer **Refugees**. **Migrant children's welfare is being sidelined in UK's 'brutal push to deport'** ... People thought to be migrants are brought into Dover by Border Force officers.

Migrant children's welfare is being sidelined in UK's —

At its 140th session in January 2017 the Executive Board in decision EB140(9) on promoting the health of refugees and migrants requested the Director-General, inter alia, to prepare, in full consultation and cooperation with Member States and, where applicable, regional economic integration organizations, and in cooperation with the International Organization for Migration and the ...

Promoting the health of refugees and migrants **draft** —

Every child should have the chance to be safe, happy and achieve their dreams, regardless of their or their parents' immigration status. Our services across the UK give young refugees and migrants opportunities to recover, meet people and start enjoying life in a new country.

Young Refugees & Migrants | The Children's Society

How many refugees are there around the world? At least 79.5 million people around the world have been forced to flee their homes. Among them are nearly 26 million refugees, around half of whom are under the age of 18. There are also millions of stateless people, who have been denied a nationality and lack access to basic rights such as education, health care, employment and freedom of movement.

Figures at a Glance — **UNHCR** — **The UN Refugee Agency**

The health problems of refugees and migrants are similar to those of the rest of the population, although some groups may have a higher prevalence. The most frequent health problems of newly arrived refugees and migrants include accidental injuries, hypothermia, burns, gastrointestinal illnesses ...

WHO Europe | Migration and health **key issues**

The study aims to better understand how refugees and migrants experience the psychosocial impact of COVID-19 and how they deal with any challenges that have arisen. In collaboration with key UN partners, the insights from this survey will be used to inform policy and decision-makers on how they can better support refugees and migrants during and after this pandemic.

Overview. At its 140th session in January 2017 the Executive Board in decision EB140(9) on promoting the health of refugees and migrants requested the Director-General, inter alia, to prepare, in full consultation and cooperation with Member States and, where applicable, regional economic integration organizations, and in cooperation with the International Organization for Migration and the ...

Refugees, Asylum seekers and Migrants | **Amnesty International**

Refugees are forced to leave their country because they are at risk of, or have experienced persecution. The concerns of refugees are human rights and safety, not economic advantage. They leave behind their homes, most or all of their belongings, family members and friends. Some are forced to flee with no warning and many have experienced significant trauma or been tortured or otherwise ill-treated.

What is the difference between a refugee and a migrant —

The submissions included valuable information on the current situation of refugees and migrants, health challenges associated with migration and forced displacement, past and ongoing practices and interventions in promoting the health of refugees and migrants, legal frameworks in place for addressing the health needs of this population, lessons learned and recommendations for the future.

WHO | Reports on situation analysis and practices in —

Refugees and migrants, particularly those who are displaced and/or living in camps and camp-like settings, are faced with specific challenges and vulnerabilities that must be taken into consideration when planning for readiness and response operations.

Measures against COVID-19 need to include refugees and —

At Refugee Action, we've spent 35 years helping refugees build safe, hopeful and productive new lives in the UK. Join us now to help refugees live again.

Home **Refugee Action**

Refugees are persons fleeing armed conflict or persecution. There were 21.3 million of them worldwide at the end of 2015.
